

Bibliography of Academic Writings on the Field of Chinese Law in Western Languages 2005 (Draft, March 30, 2006)

Knut Benjamin Pißler*

The bibliography of academic writings on the field of Chinese law in western languages was first published in the year 2003 in this journal (*Zeitschrift für Chinesisches Recht/Journal of Chinese Law*). The bibliography aims to give readers an overview on articles in academic journals, contributions to edited volumes, monographs and textbooks published in English or German on the field of Chinese law. Writings in French and Italian language could only partly being considered.

Regarding relevant German-language literature the issues 1 to 12 of the journal „*Karlsruher Juristische Bibliographie*“ (KJB) of the year 2005 was screened for articles relating to Chinese Law. Simultaneously the classification scheme of the KJB was used as a model in this bibliography as follows:

* Dr. iur., research associate at the Max-Planck-Institute for Foreign Private and Private International Law in Hamburg (Email: pissler@mpipriv.de).

Inside this classification scheme the titles of the contributions are listed in the alphabetic order of the authors. Abbreviations are not utilized in order to facilitate the use of this bibliography by international readers.

Concerning English-language literature I mainly focused on periodicals and books available at the library of the Max-Planck-Institute for Foreign Private and Private International Law (MPI) in Hamburg. The catalogue of the library of the MPI is available via the homepage of the institute at www.mpipriv.de (WWW-OPAC). Besides I scrutinized fee-charging databases like Westlaw and Beck-Online for relevant articles.

I admit that this bibliography is not comprehensively including all literature in western language on Chinese law in the year 2005. Readers are explicitly encouraged to remind me of pieces I left unnoticed. I will include these in the next bibliography to be published in the second issue of this journal in the year 2007.
