

Class of 2010 Top 3 States for Employed Graduates By School

This chart was prepared by Professor Jerry Organ, University of St. Thomas School of Law, with the assistance of research assistants Elisabeth Kirchner (Class of 2013) and Nick Matchen (Class of 2014). This chart is based on the ABA Class of 2010 Employment Data- <http://employmentsummary.abaquestionnaire.org/>. In the chart below, **Red** indicates non-adjacent state; **Green** indicates schools with more than 67% employed in state of school or adjacent state. The chart is sorted by percentage of first state employment, from least to greatest.
